

UNIVERSITY OF CAPE TOWN

The Department of Molecular and Cell Biology (MCB) at the University of Cape Town, through its Equity Development Programme, offers MSc and PhD Scholarships to students who are citizens of a SADEC country. In this call, awards will be given to students who can demonstrate a financial need due to the fact that they have not been able to attract significant other bursary/scholarship funding and have no other demonstrable form of income. The awards are given on a merit basis and are intended to support those who will conduct research within MCB and furthermore have an interest in making their careers in higher education. The awards are outlined individually below.

AWARD NO 22 - APPLICATION REFERENCE –MCB-EDP3 -2020

THE UNIVERSITY OF CAPE TOWN - MOLECULAR BIOLOGY SCHOLARSHIPS

Applications are sought from excellent Honours and Masters graduates intending to *initiate* studies for the Master's or Doctoral degrees in the Department of Molecular and Cell Biology (MCB) at the University of Cape Town. Students will be selected on the basis of financial need and excellence. The conditions for the award can be found on the Departmental website, as can information on the research interests of the Department. Web page: <http://www.mcb.uct.ac.za>.

Values/Tenure for students initiating studies:

Value of Bursary R45,000
Maximum level of additional Bursary allowed: R70 000.00

Value of Bursary R70,000
Maximum level of additional Bursary allowed: R100 000.00

Application by letter, including a full CV, academic records, a statement of research interests and additional funding attracted and/or applied for; the names and addresses of two referees, at least one of which should be an academic, should be submitted. The name of the Academic within the Department who will supervise the work must be indicated.

CLOSING DATE FOR APPLICATIONS IS Friday 24th February 2020

APPLICATIONS TO BE SUBMITTED BY EMAIL TO:

Prof. Jill Farrant (jill.farrant@uct.ac.za)
